PROJECT REVIEW COMMENTS

Charles H. Gardner
Director

Project Number: 95-0871 County: ONS

Project Name: 4.5.17 Widening - Project #8.T190301 - TIR #R-2514

Geodetic Survey

☒ This project will impact 22 geodetic survey markers. N.C. Geodetic Survey should be contacted prior to construction at P.O. Box 27687, Raleigh, N.C. 27611 (919) 733-3836. Intentional destruction of a geodetic monument is a violation of N.C. General Statute 102-4.

☐ This project will have no impact on geodetic survey markers.

☐ Other (comments attached)

For more information contact the Geodetic Survey office at (919) 733-3836.

Erosion and Sedimentation Control

☐ No comment

☒ This project will require approval of an erosion and sedimentation control plan prior to beginning any land-disturbing activity if more than one (1) acre will be disturbed.

☒ * This appears to be notification of DOT's intent to prepare environmental documents. If an environmental document is required to satisfy Environmental Policy Act (SEPA) requirements, the document must be submitted as part of the erosion and sedimentation control plan. scp

☒ If any portion of the project is located within a High Quality Water Zone (HQW), as classified by the Division of Environmental Management, increased design standards for sediment and erosion control will apply.

☒ The erosion and sedimentation control plan required for this project should be prepared by the Department of Transportation under the erosion control program delegation to the Division of Highways from the North Carolina Sedimentation Control Commission.

☐ Other (comments attached)

For more information contact the Land Quality Section at (919) 733-4574.
